|      |               |                 |                 |                  |               |       |

#### Attention:

- Check parts for quantity and damage before installation. If there is any missing or damage for your order, please don't hesitate to contact us by Amazon Buyer-seller messaging.
- No over-tightening screws to prevent damage to the panels or strip the screws.

### Installation Steps

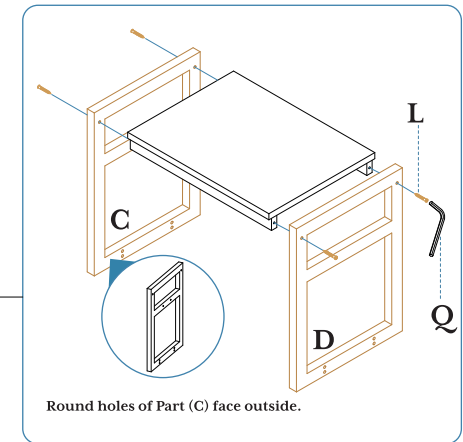

#### STEP 1

Align Part (B) with the long edge of Part (A) as shown, then tighten with Screw (L) and Part (Q).

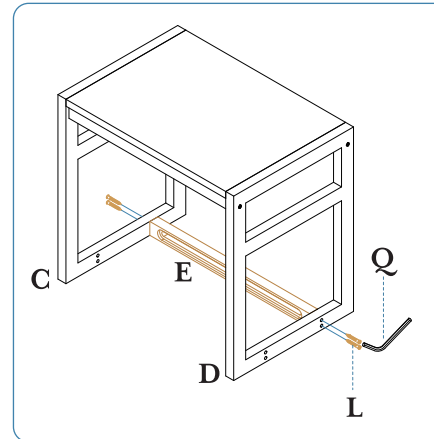

#### STEP 2

Install Part (C) and Part (D) into the assembled Step 1, then tighten with Screw (L) and Part (Q).

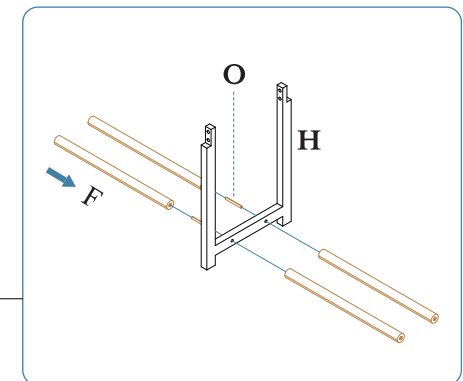

#### STEP 3

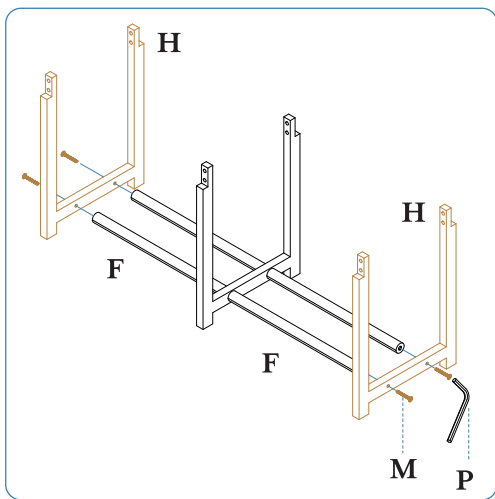

Align Part (E) with the pre-drill hole of Part (C-D), then tighten with Screw (L) and Part (Q).

#### STEP 4

Twist Part (O) into Part (F), then tighten them together with the other Part (F) through the holes of Part (H).

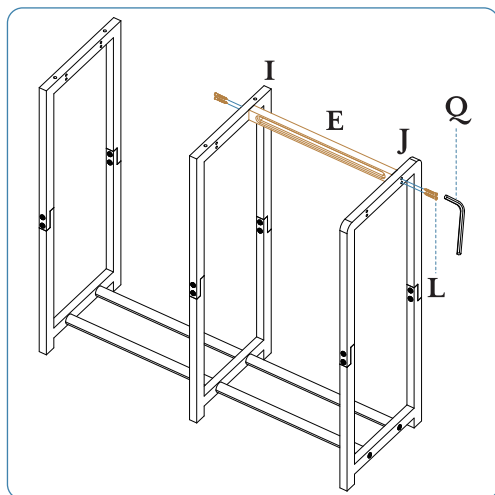

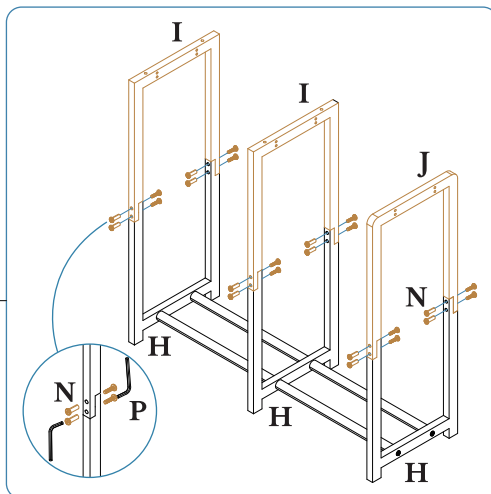

## STEP5

Align Part (F) with the holes of Part (H), then tighten with Part (M) and Part (P).

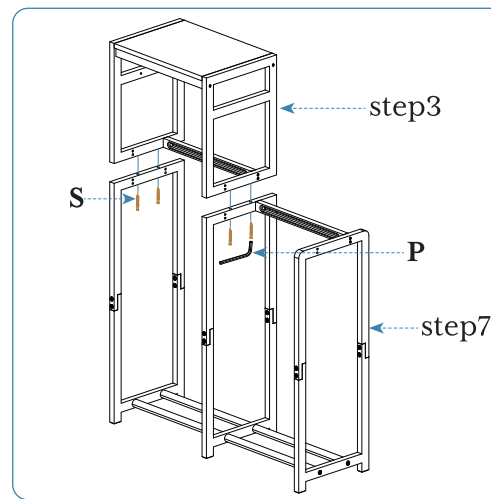

## STEP6

Align Part (I-J) with the holes of Part (H), then tighten with Part (N) and two Part (P).

## STEP7

Align Part (E) with the holes of Part (I-J), then tighten with Screw (L) and Part (Q).

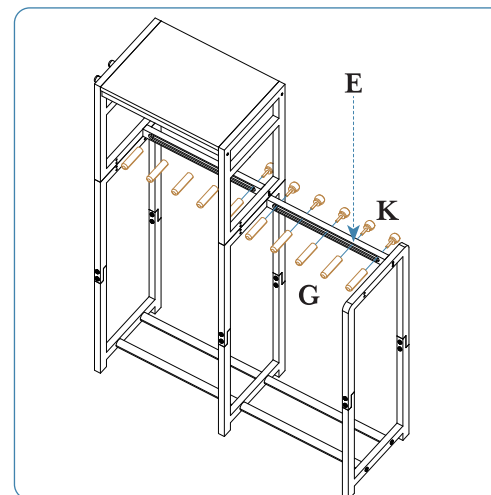

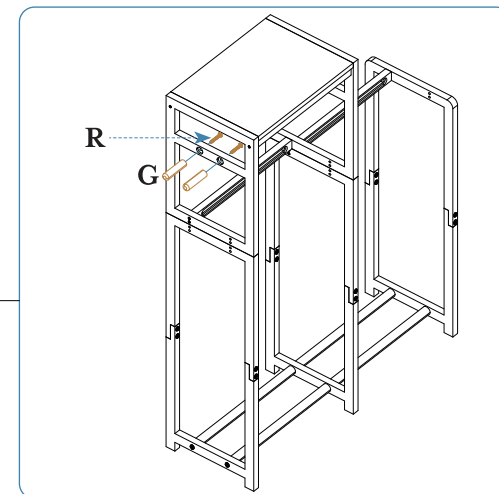

## STEP8

Install the assembled Step 3 into Step 7, then tighten with Screw (S) and Part (P).

## STEP9

Align Part (G) with the holes of Part (C), then tighten with Screw (R) and Part (S).

## STEP10

Install Part (G) into Part (E) using Part (K).
