Installation Step

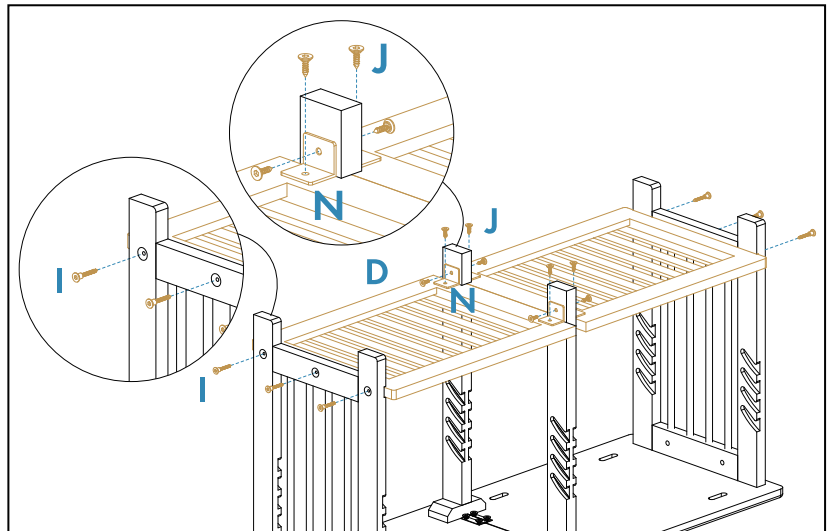

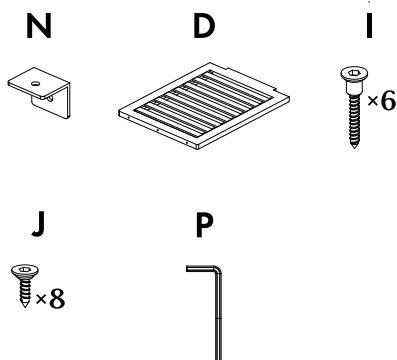

01 Use four **Screws (I)** to install **Support Connector (F)** with **Support Leg (G)** and tighten.

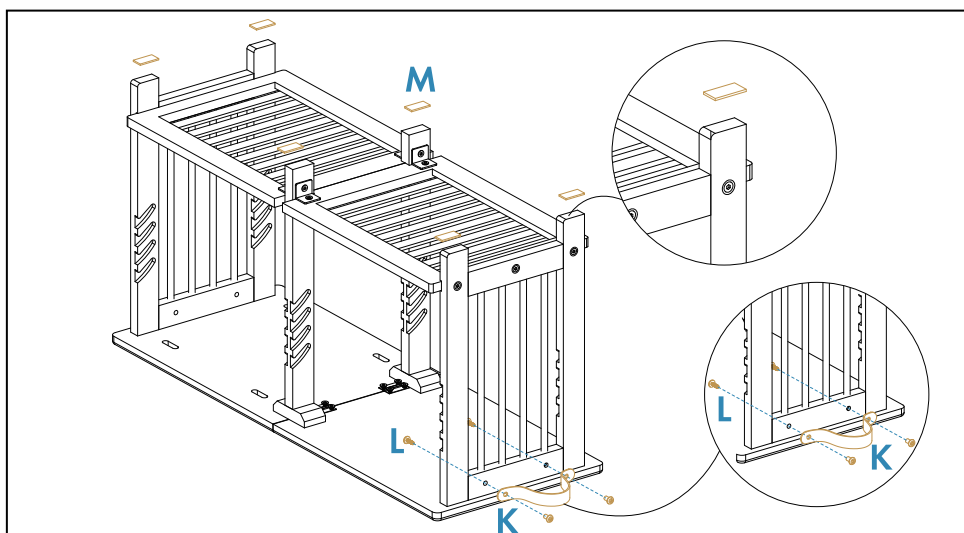

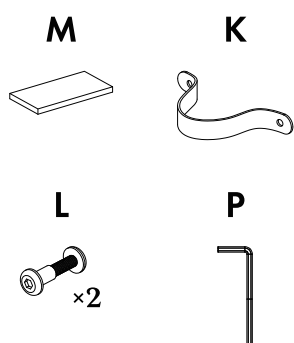

02 Use four **Screws (I)** to install **Top Panel (C)** with two **Side Panel (A & B)**, then use four **Screws (I)** to install with assembled Step 1.

03 Use six **Screws (I)** to install **Stationary Panel (D)** with **Side Panels (A & B)**
Use eight **Screws (J)** and **Corner Barcket (N)** to secure **Stationary Panel (D)** with **Support Leg (G)**.

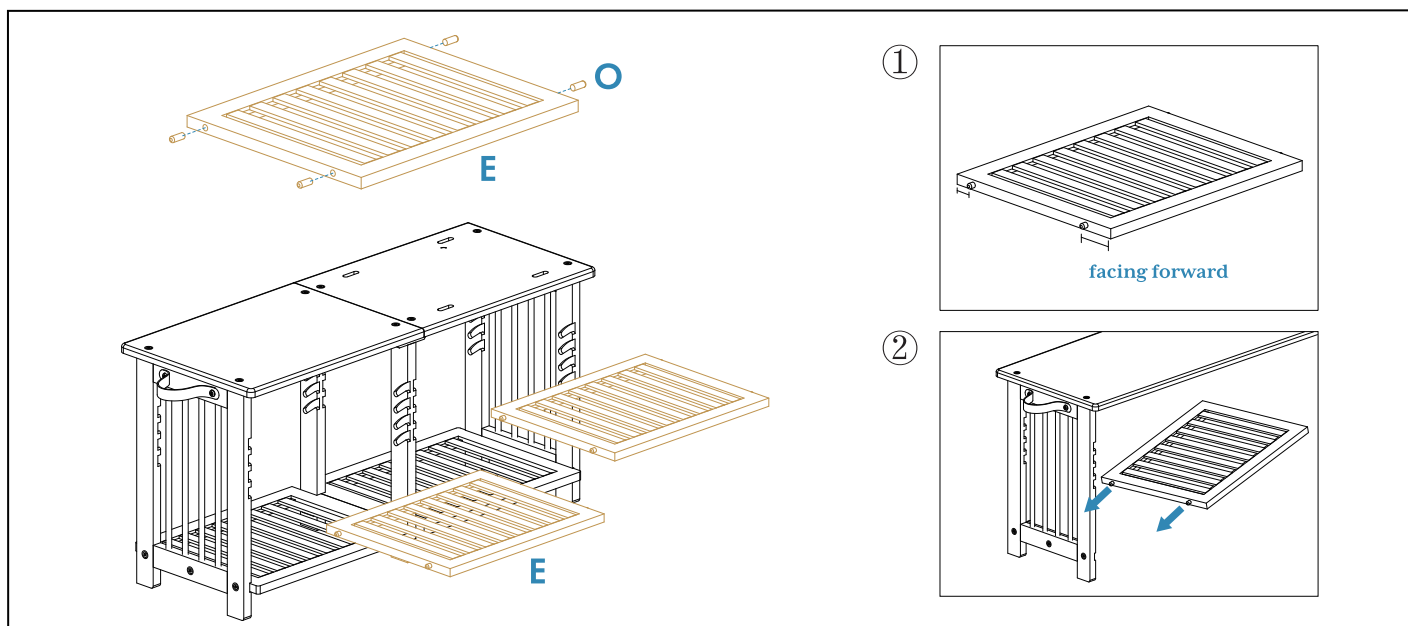

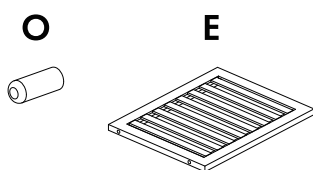

04 Attach Anti-slip Mat (M) to Support Legs (G), and use Decorative Buckle (L) to install Leather Handle (K) on Side Panel you needed.

Tip: The leather handle (K) allows for easy movement of the bench or hanging a long umbrella. Install it on the side panel away from the cushion to avoid getting it wet.

05 Insert Bamboo Peg (O) into Moveable Panel (E), then install moveable panels into the corresponding height.

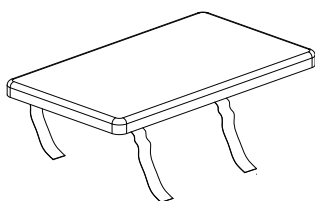

Tip:

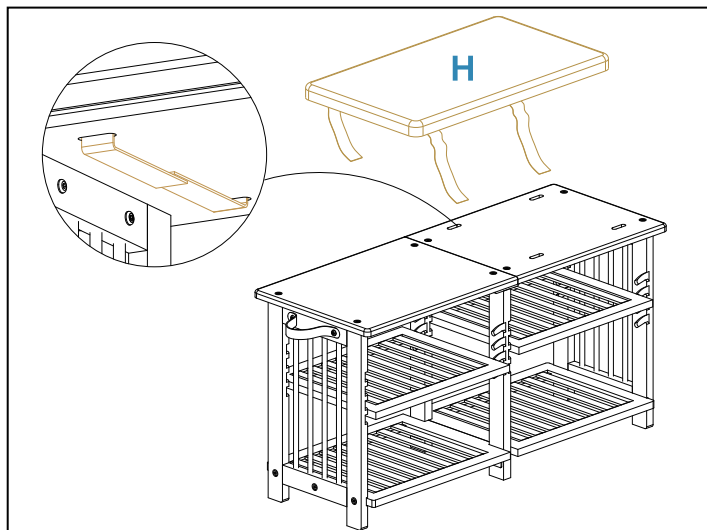

- ① Identify the front and back of Moveable Panel (E): Using Bamboo Peg (O) as reference, the front is positioned farther from the edge while the back is closer.
- ② Use a slanted angle for optimal placement

06

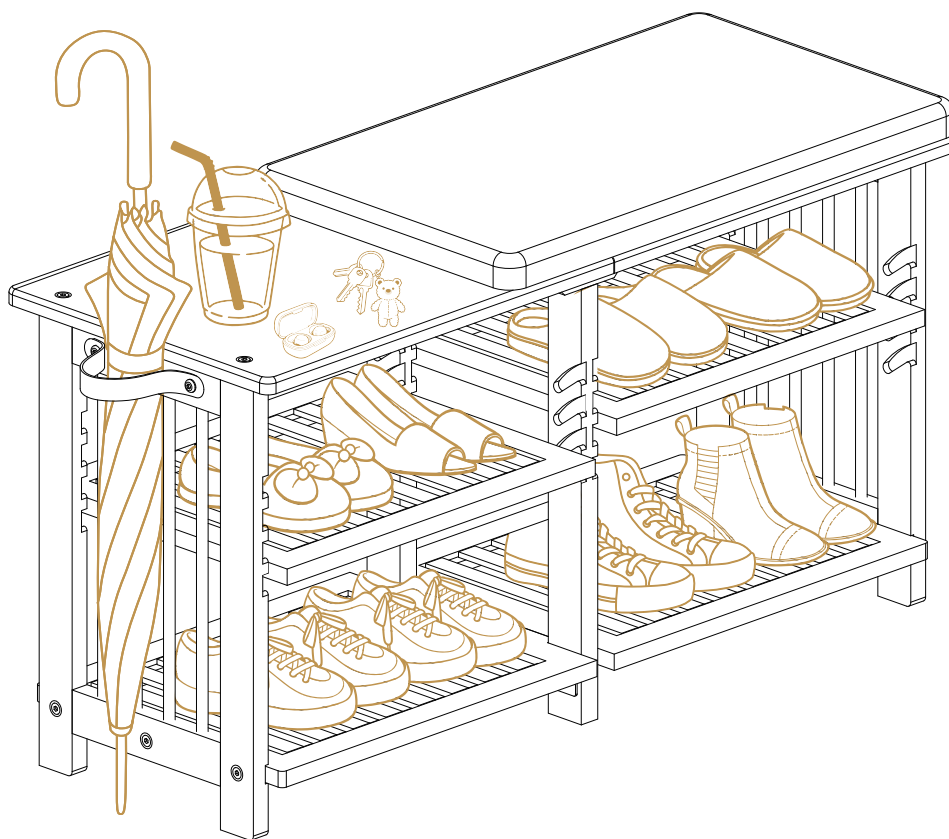

Thread the Velcro strap of **Cushion (H)** through the holes on **Top Panel (C)** to secure.

H

The cushion can be detachable for clean.
